DISSOLUTION OF THE GREEK
CHAMBER OF DEPUTIESGives King Constantine Entire Control of the
GovernmentALL PATRIOTIC GREEKS, HOWEVER, MAINTAIN THAT THEIR COUNTRY WILL EVENTUALLY
JOIN WITH THE ALLIES

(Associated Press)

London, Nov. 12.—All doubts of what road Greece will choose out of the middle caused by divergent views of the politicians and whether the policies of the Skouloudis cabinet could be rendered compatible with the opinions of the adverse majority, has been dispelled by the public dissolution of the chamber of deputies. The government appears to have considered the dissolution of the chamber the only possible means of securing free and unrestricted liberty of action. Greek officials here and at other points continue to assert that Greece's future action will depend solely upon a military consideration. As soon as Greece is convinced that the Allies have produced enough troops to make possible a successful offensive against Bulgaria and remove the danger by which Greece would be confronted if she entered the war inadequately assisted, Greece will immediately join the Allies, according to her representatives.

GRAVE CHARGES BROUGHT
BY DR. GORICAREX-CONSUL MAKES DAMAGING ALLEGATIONS AGAINST
BOTH GERMANY AND AUSTRIA

(Associated Press)

Washington, Nov. 12.—The published charges by Dr. Joseph Goricar, that Austrian consuls are active in a propaganda for the destruction of munition factories in this country and to bring on strikes, will be referred by the state department to the department of justice.

Dr. Goricar was formerly Austrian consul at San Francisco. He declared that consuls are working under the direction of Consul General Von Huber and German Ambassador Bernstorff.

The doctor claims he left the Austrian consular service after fifteen years' service rather than work as a spy. He says the naval attaché of the Austrian embassy ordered him to get plans of Pacific coast fortifications.

The Austrian embassy has denied the doctor's statements and announced that means would be sought to prosecute him.

Secretary Lansing has declined to make any comment.

A HOG RECORD

Mr. Robt. Shaw, of Summerfield, visited the Board of Trade today, leaving a record of one brood sow which is remarkable, but shows just what can be done in our county with hogs. This sow is a mixed breed of Essex and big bone Guernsey; brought a litter of 9 pigs December 4, 1914, from the he has kept one brood sow now weighing 200 pounds. On November 11th, he butchered 8 of this litter, net weight 1368 pounds. Original sow dropped another litter of 11 pigs on June 4th this year. Mr. Shaw sold four of the pigs at one month old for 10.50, killed one on November 6 weighing 92 pounds net, and estimates the remaining 6 will net him 80 pounds each or 480 pounds. Total pork for one sow for year, 1940 pounds at 10 cents per pound \$194. Sale of four pigs for \$10.50 added makes \$204.50, with original sow and one additional from first litter. This can be verified by Messrs. H. R. Shaw, H. R. Olmer and M. M. Proctor, of the Pedro section.

HOW TO PREVENT CROUP

It may be a surprise to you to learn that in many cases croup can be prevented. Mrs. H. M. Johns, Elida, Ohio, relates her experience as follows: "My little boy is subject to croup. During the past winter I kept a bottle of Chamberlain's Cough Remedy in the house, and when he began having that croupy cough I would give him one or two doses of it and it would break the attack. I like it better for children than any other cough medicine because children take it willingly, and it is safe and reliable." Obtainable everywhere.

EXTREME CRUELTY IN
SINKING THE ANCONASUBMARINE'S CREW ACCUSED OF JEERING AT DROWN-
ING MEN IN THEIR DEATH STRUGGLES

(Associated Press)

Naples, Nov. 12.—The Ancona's owners have received the report of the captain of the vessel in which he makes the positive charge that the submarine gave no warning and afforded those on board no chance to escape. The submarine continues to shell the vessel after she had stopped, and afterwards turned her guns on the boats. Some of the passengers sought to save themselves by clenching to the sides of the submarine, but they were pushed off and jeered.

INFORMATION IS DIFFICULT TO OBTAIN

Washington, D. C., Nov. 12.—State department officials are perplexed by the unexplained delays in getting definite official information on the sinking of the Italian liner Ancona with the probable loss of Americans. Expected dispatches have not been received.

FIVE DOLLARS REWARD!

The home economics committee of the Ocala Woman's Club will give five dollars in gold to the person exhibiting at the Marion County Fair the best home-manufactured labor-saving device for use in the home. Such articles as fireless cookers, iceless refrigerators, egg testers, etc., have been put together by home ingenuity and there are doubtless others in the homes throughout the county. Bring them in to the fair and some one will get a five dollar gold piece.

The only condition is that there shall be at least three competitors. Our object is to do away with the old saying:

"Man works from sun to sun
But woman's work is never done."

A PINE WHOOPING
COUGH REMEDY

Mothers, Dr. Bell's Pine-Tar-Honey is just the remedy for your children's cold ailments. The fact is that pine is a quick enemy of cold conditions. Its qualities loosen the mucous in the throat, soothe the lungs and open up the air passages. The combination of honey, soothing and pleasant, with the loosening pine quality makes this an ideal cough remedy for children. Each passing year brings for it, new friends. A family of growing children cannot afford to be without it. 25c a bottle. No. 3.

NEW ORGANIZATION
HAS A NAME

Has Adopted the Euphonious and Appropriate Title of "The Peninsula Club"

The newly organized club of young professional and business men which has been operating without a name for some time has finally been designated, the committee having decided upon the adoption of the above name at its meeting yesterday.

This name is especially appropriate and significant, in view of the fact that it is the purpose of the club not only to become a leading factor in the growth, progress and prosperity of Ocala and Marion county, but to make its influence along those lines felt throughout the entire Florida peninsula.

The committee is indebted to numerous persons for suggestions of names for the club, and wishes to extend to them its thanks for the same. The name selected as most appropriate of all those submitted, was sent by a member of the club, who under the rules cannot receive the prize of five dollars offered. That sum, however, is being reserved and held over, to be used as one of the various prizes which the Peninsula Club will from time to time offer in contests serving to stimulate civic pride, and interest in the growth and development of our city.

Results of the Peninsula Club's efforts are already apparent, its committee appointed for that purpose having been mainly instrumental in getting up the industrial parade, the first of its kind for Ocala, to be held here at the coming fair.

Their advertising matter will soon be ready for distribution. It is attractive and forceful, and should prove effective in obtaining for Ocala and vicinity some favorable and profitable publicity throughout the country. The club has a great work before it, and its personnel represents the brains, the ability, and the willingness to carry it out, and it is the earnest wish of all those who have the welfare of their home town at heart that its future career shall be as successful as its beginning has been auspicious.
